## Professional Summary

Highly skilled and results-driven **Software Engineer** with **7+ years of experience** in designing, developing, and deploying large-scale applications. Proficient in **Full-Stack Web Development, Cloud Computing, and AI-driven systems**, with proven expertise in leading teams, optimizing performance, and delivering innovative solutions. Adept at collaborating with cross-functional teams and mentoring junior developers. Passionate about solving complex problems using technology and modern software architecture.

## Core Skills

Programming Languages:	JavaScript (ES6+), TypeScript, Python, Java, C++, Go, PHP
Frameworks & Libraries:	React, Next.js, Angular, Node.js, Express.js, Django, Flask, Spring Boot
Databases:	MySQL, PostgreSQL, MongoDB, Redis, Oracle
Cloud & DevOps:	AWS, Azure, Google Cloud, Docker, Kubernetes, Jenkins, GitHub Actions
Other Skills:	RESTful APIs, GraphQL, Microservices, Agile/Scrum, CI/CD, TDD/BDD, System Design

## Work Experience

### Senior Software Engineer | Google, Mountain View, CA (2020 - Present)

- Led a team of 6 engineers to design and scale microservices for Google Cloud.
- Improved API performance by 40% using optimized data structures.
- Built CI/CD pipelines using Jenkins and GitHub Actions.
- Mentored interns and junior engineers.

### Full-Stack Developer | Microsoft, Redmond, WA (2017 - 2020)

- Developed enterprise-level applications using React, Node.js, and Azure.
- Integrated GraphQL APIs and improved system reliability by 30%.
- Collaborated with cross-functional teams in Agile/Scrum environment.

### Software Engineer | Amazon, Seattle, WA (2015 - 2017)

- Designed RESTful APIs for e-commerce platforms.
- Worked on distributed systems handling millions of users.
- Automated cloud deployment using AWS CloudFormation.

## Education

**M.S. in Computer Science** | Stanford University (2013 - 2015)

**B.S. in Software Engineering** | University of California, Berkeley (2009 - 2013)

## Certifications

- AWS Certified Solutions Architect
- Google Cloud Professional Engineer

- Oracle Certified Java Programmer
- Microsoft Azure Developer Associate

## Projects

- **AI Chatbot:** Built a scalable NLP chatbot using Python and TensorFlow.
- **E-commerce Platform:** Developed a full-stack marketplace with secure payments.
- **Real-time Analytics Dashboard:** Created a data visualization tool with D3.js and React.
- **DevOps Automation:** Automated cloud deployments reducing downtime by 60%.
